Jammu, Jammu and Kashmir

Professional Summary

Android Developer with 2+ years of experience in mobile application development, Kotlin programming, and Android SDK. Proven expertise in Jetpack Compose, Firebase integration, RESTful APIs, and MVVM architecture. Successfully developed and deployed e-commerce applications with machine learning capabilities.

Technical Skills

Programming Languages: Kotlin, Java, JavaScript, SQL, PHP, XML
Mobile Development: Android SDK, Jetpack Compose, Android Studio, Native Android Development
Frameworks & Tools: MVVM Architecture, Retrofit, Room Database, Coroutines, Git, JIRA, Figma
Backend & Cloud: Firebase Authentication, Firebase Storage, Google Cloud Platform, MySQL, SQLite

Professional Experience

- Software Engineer** February 2025 – Present
LTIMindtree India
 - Completed comprehensive Android Full Stack Development training in Kotlin, Jetpack Compose, Firebase, and RESTful APIs
 - Contributing to development and support of internal HRMS mobile application using Kotlin and Jetpack Compose
 - Implementing bug fixes, feature enhancements, and UI improvements for production Android applications
 - Collaborating with cross-functional teams using JIRA for project tracking and participating in code reviews
- Consultant Intern** November 2023 – January 2024
Smollan (Part-Time Remote) Remote
 - Created and maintained Looker Studio dashboards for Google devices showcasing EMEA region metrics
 - Crafted tailored dashboards for Google device sales and website traffic analysis enabling data-driven decisions

Projects

- BuyNow E-commerce Application** | *Kotlin, Firebase, TensorFlow Lite, Razorpay* June 2024
 - Developed comprehensive Android e-commerce application using Kotlin with machine learning for visual product search
 - Integrated Razorpay payment gateway and Firebase for backend services including authentication and database management
 - Implemented MVVM architecture, Coroutines for async operations, and Material Components with day/night theme support
- Recipe Mobile Application** | *Android, SQLite* March 2023
 - Designed Android recipe application with SQLite database for efficient data storage and intuitive user interface
- Weather Forecast Application** | *JSON, GSON, REST APIs* November 2022
 - Built weather tracking application with JSON/GSON for API data parsing and real-time weather updates

Education

- Bachelor of Technology - Information Technology** September 2020 – June 2024
Manipal University Jaipur, Rajasthan GPA: 8.1
- Class XII** April 2019 – May 2020
Delhi Public School, Jammu & Kashmir 84.8%

Certifications & Leadership

Certifications: Power BI Masterclass (Udemy, March 2024), Android 12 & Kotlin Development Masterclass (Udemy, July 2023), AWS Academy Cloud Foundations Graduate (April 2023)
Leadership: Event Organizer at ACM Club (Jan 2021 - Present) - Organized workshops reaching 4000+ students; Logistics Coordinator at Indian Drone Racing League (May 2022)
